Human Societies: An Introduction to Macrosociology

Taking a macrosociological, global approach, Human Societies offers an introduction to sociology that is truly comparative, cross-cultural, and historical. It compares societies over time and across environments, emphasizing the dynamics of social change.

Animals and Society: An Introduction to Human-Animal Studies
Animals and Society: An Introduction to Human-Animal Studies (Columbia University Press 2012). by Margo DeMello. Considering that much of human society is structured through its interaction with non-human animals, and since human society relies heavily on the exploitation of animals to serve human needs, human-animal studies has become a rapidly expanding field of research, featuring a number ...

Human Societies - Paperback - Patrick Nolan; Gerhard Lenski
Human Societies differs from most texts written for the introductory sociology course, being neither a survey of contemporary Americana society nor an eclectic, encyclopedia-like collection of topics, perspectives, and conflicting theories. Taking a macrosociological, global approach, it offers an introduction to sociology that is truly comparative, cross-cultural, and historical.
